Calling all rising 6th grade students! It’s time to **STEP UP** and get ready for your time at Robious Middle School. Time to **STEP UP** to the next level in school, and shed those elementary school colors for some “Raider” red and black!

**“Stepping Up”** is a one day program designed to *ease the transition* to middle school and to ensure that students have the skills necessary to *succeed* at Robious Middle School.

**Stepping Up** has three main goals:

1) Students will develop positive relationships with teachers & other students.
2) Students will have the opportunity to become familiar with the school building and school procedures.
3) Students will develop skills to help them succeed in middle school.

**Stepping Up** is filled with many activities that students will enjoy; such as: school tour and scavenger hunt, “getting to know you” activities, how to open a locker, how to work with your school counselor, teacher expectations, how to follow a student schedule, and more! Students will also learn about clubs, dances, homework, dress code, and general school procedures.
